Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Excerpt: .will have then been made in the science of eugenics and also in the physical, mental and moral development of the human race. Personally, I believe in the regulation of marriage by law, and that each party to the contract should be required to produce a clean bill of health. We all know that in nature like begets like, and so long as defectives are allowed to propagate their species, just so long will our jails, asylums and penitentiaries be overcrowded, and, as some philosopher has sagely remarked, the time is approaching, owing to the rapid increase in insanity, that we may have to have asylums for the sane in order to adequately protect them from the insane. I am in accord with Dr. Anderson and agree with the conclusions arrived at in his most excellent paper. Parents should be taught the danger of sending their children to school at too early an age. Children should be first developed physically, and my old teacher, Dr. Kerley, taught that ten years was early enough to start the child to school. Cramming the minds of nervous and delicate children at an early and susceptible age is in my opinion one of the predisposing causes to dementia praecox. This is a very important subject, for it is obvious that in children, especially the nervous, high-strung and susceptible child, prevention is always better than cure. Dr. Tom A. Williams, Washington, D. C., said that the age at which the...
